

Educational Technician I (Special Education) - Job Description
Blue Hill Consolidated School

4106I

Reports to: Principal, Director of Special Education, Special Education Teacher

Job Goals and Responsibilities:

1. The major focus of this position is to provide individual and small group instruction and follow-up reinforcement to identified special education students. This will be done under proper teacher supervision only.
2. The Educational Technician I is expected to report daily on student progress to the special education teacher. This will be done informally. The Educational Technician I will also assist the special education teacher in routine set-up for classes.
3. To perform other tasks and assume other responsibilities as the principal may assign.

Adopted: Blue Hill School Committee - 7/8/1998
