

Extended Vacation Policy

The Blue Hill School Board feels that it is in the best interest of students for teachers not to be away from their classrooms prior to or after vacations and holidays. Therefore, no personal days(s) may be used, paid or unpaid, solely to extend a vacation or holiday weekend. Should an emergency arise that prevents prompt return to work at the end of a vacation or holiday, the staff member will notify the Principal. The Superintendent will determine if the situation constitutes a paid or unpaid day. Religious reasons are an exception to this policy.
